Any level of Set-Up Adviser Charges can be selected subject to the agreement of the client.

The Set-Up Adviser Charge will only be paid once the plan is actually set-up. The maximum limit to be paid for the adviser charge is the lower of 5% of the initial investment or £20,000.

Ongoing Adviser Charges

Ongoing Adviser Charges will be taken at plan level and will apply across all in-force segments and are treated as a regular withdrawal for income limits and taxation purposes.

They may be set up at any time. The type, rate and frequency of Ongoing Adviser Charges on the plan can be changed at any time. Any addition of or increases in Ongoing Adviser Charges needs authorisation from the client.

At any time after the initial plan is set-up, the client can request an Ad hoc payment be made to the Adviser.

Any Ad hoc Adviser Charge will apply across all in-force segments within a cluster. The option to surrender individual segments to pay for the Ad hoc Adviser Charge will not be available.

An Ad hoc Adviser Charge is selected as one of:
